both following that to which the statement relates.

A. D. Raghavachar
Comptroller.
8/2/10

A May perhaps be approved.

Details re the quantity of gold produced will be available much earlier and the Comptroller may be asked to send a statement showing the quantity of gold produced each month (Landup to the end of the month commencing from January) during the current and two previous calendar years, after the close of the month. This return will be sent in addition to the return referred to in the Secretariat note dated 19-9-34.

~~Asst. Financial Adviser~~
~~for~~ Secy

9-10-34

The dates proposed by the Comptr are too belated. Quantity of gold produced & sent to Bombay are found much earlier in the newspapers and the price of gold is also found in them. The information required should therefore be sent much earlier & as soon as it becomes available

Bombay

Returned with compliments.

2. The statement required is put up.

3. The figures for September 34 are taken from the production statements received from the several Mines and the rate adopted for the 2nd consignment of Gold to be sold is the National Bank Bar Gold rate given in the Times of India paper dated 1-11-34. The figures are therefore approximate. These will be corrected with reference to actuals while submitting the statement for October or November 1934.

4. If figures with reference to the production statemer and the rate given in the Times of India paper will do, the statement can be submitted much earlier, i.e., by about the 15th of the month following that to which it relates.

5. If approved the statement will be got printed, figures in respect of the amounts realized by the sale of Gold being shown in thousands.
